

**CULTIVATING EXCELLENCE IN
EVERY STUDENT**

OUR VISION

Instilling critical thinking skills, a global perspective and respect for core values

OUR MISSION

Dedicated to a continuing tradition in an everchanging world

'AARAMBH/AAGAAZ'

is our Annual Day Celebration that provides a platform to children to present their varied skills possessed and developed throughout the year. It is an opportunity to perform and present their skill and make every parent proud about the apple of their eye.

'SPORTS DAY'

at 'Shashwat School, Motera' promotes physical health, sense of sportsmanship, courtesy, social relationship, healthy competition and overcoming challenges among the young ones which are some of the essential lessons of life.

'SVASTYAYAN'

is an expressions of love, respect and acceptance toward grandparents. It is an innocent way of expressing gratitude for those wonderful stories, lullabies, cultural values and traditional gifted by them. 'Svastyayan' is the heart felt acknowledgment of grandparent-grandchild bond.

'SPLURGE'

of colors, creativity, fun and frolic. this event defines our summer, winter and Christmas camps conducted during holiday to keep up high spirits in all our little juniors. 'Splurge' is our way of encouraging imagination, creativity, togetherness and holiday celebrations with children. This is just another reason for kids to come to 'Shashwat School, Motera'.

Questioning Behavior

How, Why, What is it?

Children need to have a feeling of belonging and learning, intertwined totally. This enables the children to adapt new ideas and theories. Discussing, arguing and exploring each idea gives birth to the new horizon of thoughts:

REFLECTION:

The growth of child's creative imagination as it enables them to describe, example and justify their thinking. This Provides time for reflection and discussion on their own and with each other's ideas.

KNOWLEDGE & SKILL:

Children need a strong knowledge and skill based upon which they can build and explore their emerging ideas.

ENVIRONMENT:

It is easier to enhance creativity by changing condition in the environment and then trying to make the children think more effectively.

UNINTERRUPTED TIME:

Each child explores, investigates, follow their interest until they have absorbed it completely giving them space to put things aside, as they may wish to revisit to consolidate the knowledge.

PRACTICAL LEARNING:

Children experiment with different roles as they explore the familiar and the unknown through pretend play. Children learn to work with other children, learn to share. They also practice verbal skills and develop an understanding of symbol representation that leads to the development of reading and writing skills.

FINE & GROSS MOTOR SKILLS:

We make sure that the child develops fine and gross motor skills through our in-house well-researched and proven teaching aids and education equipments.

SCIENCE:

The teacher puts out interesting object from nature, such as leaves, rocks, seashells etc for children to examine with a magnifying glass, paper and markers to draw them.

OUTDOOR PLAYGROUND:

Our School sights has a safe, enclosed area with structures for climbing and balancing to encourage large muscle control and coordination

**We just don't make it happen,
WE MAKE IT HAPPENING!**

INFRASTRUCTURE:

Environment at Shashwat School have colourful child friendly interiors and furnitures with an appealing ambience. Our school has spacious classrooms, activity area, and outdoors blessed with nature.

Inquiry

1

Inquiry describes the child's thirst for knowledge and information. Children inquest everything in their surroundings to their basic Characteristic of being 'Curious'.

Interaction

2

Exposure to multifaceted teaching & learning aids enhances the experiential learning and nurtures holistic development for children. Interaction is the best mode of fulfilling inquisition which provides confidence to a child with appropriate knowledge and information.

Innovation

3

Innovation is an expression of creativity. It's boundless and not limited to measurability. Each creative expression is a new benchmark on the child's development continuum.

This methodology is very much effective in inspiring Curiosity, Confidence, Creativity and Continuity in a child to instill a habit of self-discovery right from the beginning.

At Shashwat School, the curriculum comprises of balance blend of the renowned methods. Our curriculum has been designed exclusively for an all-round development of the child, taking into account their cognitive, physical, social, emotional, development.

Practical & Periodic Learning Assessments

Manners and etiquettes ranked as the most important quality to nurture for the development of the child. Inculcating good manners in children is very important for every child's self confidence and success in life. Out of several skill to development pre-writing (scribbling) skills, phonics & practical learning skills are majorly focused to develop and support opportunities for your child to begin writing & expressing.
